## Barb's Original Robe Order Form

*This robe is my own design. The sleeve is fitted at the shoulder like a suit jacket, with velvet stripes just about the elbow, where it is pleated and continues down to a cuffed bell sleeve.*

*You may choose to have a velvet or lace panel down the front, as well as velvet piping around the yoke & cuffs. This robe comes only with a zipper.*

### Fabric (check one)

- Wool w/velvet @ \$575
- Peachskin w/velvet @ \$500
- Peachskin w/lace @ \$525

### Pockets (check one)

- Right & left slit openings
- Right & left pockets

Shipping is included for all orders.

[www.pinsandneedles.net](http://www.pinsandneedles.net)

*My name is Barbara Mock. I have been a professional seamstress for 40 years. My husband Bob recently retired as Chief Judge State Court Gwinnett County, GA and is now a Senior Judge.*

*Bob wore mail-order robes for years and was dissatisfied with both the fit and fabrics. I decided to make a robe using nicer fabrics and tailored to fit him. I have made robes from silk, wool, and peach skin, which are far superior in fit, comfort, and durability to the available crepe and polyester robes offered by many mail order companies.*

*Since starting my business I have made hundreds of robes!*

*All my robes are custom-made. You may choose your sleeve-type, pockets, fabric, and color. Because each robe is made specifically for you, the option of ordering additional trims is also available.*

*Contact me to discuss your robe needs. I will work with you to create a robe that you will truly enjoy wearing. Free repairs, if needed, are included as long as you own your robe.*

*I look forward to working with you,  
Barbara Mock*

Simplify measuring to make it even easier and mistake-proof!

- 1) Pick out your favorite fitting jacket. This will model the fit of the robe without an in-person measurement.
- 2) On the jacket, measure from seam to seam across the back at the shoulders. This gives the shoulder measurement.
- 3) Start at the shoulder seam of the jacket where the sleeve attaches. Measure down from the top of that seam the length of the sleeve to the wrist. This gives the sleeve measurement.
- 4) Start at the floor and measure up to the point on your leg where you want the robe to end. This is the distance from floor measurement.

Height (inches) \_\_\_\_\_

Chest (inches) \_\_\_\_\_

Shoulders (inches) \_\_\_\_\_

Sleeve (inches) \_\_\_\_\_

Distance From Floor (inches) \_\_\_\_\_

Monogram Initials \_\_\_\_\_

*For monogram, use up to three letters. All colors are available. Please specify what color(s) you would like.*
